Camera health

CAMERA	STATUS	FOOTAGE	ISSUES
Entrance	● OK	2 min	–
Billing counter	● No footage	–	–
Cash room	● No footage	–	–
Channel 1	● No footage	–	–
Channel 2	● No footage	–	–

What to do

1. No footage was imported for Billing counter.
2. No footage was imported for Cash room.
3. No footage was imported for Channel 1.
4. No footage was imported for Channel 2.
5. Review the after-hours event and its clip.

Counts come from AI and may be approximate for cameras marked Check or Problem, and at night. Faces in snapshots are blurred.

About this report

Period: Sat 24 Oct 2026.
Source: recorded and live footage analysed by Cam Report on this PC (detector: YOLOX-Nano; vehicles: DAMO-YOLO-T (UVH-26)).
Footage analysed: 1 of 5 cameras, 3 min in all (Entrance 3 min).
No footage from: Billing counter, Cash room, Channel 1, Channel 2. Nothing is reported for them.
Counts and events come from AI on the video and are not checked by a person. Accuracy depends on the camera's angle, light and distance and has not been measured for this site.
